Install as a PWA (ProgressiveWebApp)

Install Linkwarden as a Progressive Web App (PWA) on your phone, tablet, or computer to use it like a native app without needing an app store download.

A PWA functions like a traditional app but is installed directly from the website onto your device.

Installation

iOS

1. Open cloud.linkwarden.app in Safari. Or if you're self-hosting, open your instance's URL.
2. Tap the Share button at the bottom of the screen.
3. Tap the **Add to Home Screen** icon in the Share menu.
4. Tap **Add** in the upper-right corner.

> You can also get the iOS Shortcut to quickly add links to Linkwarden from the share sheet on iOS. Click here to learn more.
